For example, they were worried about money, but now they are considering a new, bigger house, with stairs. Kevin Chidester's mom, Barbara, has been diagnosed with stage 3 colon cancer. They will be doing further testing to see if it spread even further, making it stage 4. 16 of 31 lymph nodes had cancer. Chidester's are likely going to temporarily move to Oklahoma at some point to be near her. Barbara has refused chemotherapy. She is a Christian and ready. Peg is waiting for insurance to approve a cortisone injection in her sacroiliac joint. Hopefully this will help with the pain.
- John Dunn - John has an upper respiratory infection. He is on steroids and anxiety meds. His wife, Teri, has also been having blood sugar swings. Teri and Bethany are traveling back to Long Island, NY, this week to close on the sale of their previous home.
